

ACADEMIC POLICIES

The Academic Policies Manual is updated and maintained by the Provost's Office. It can be found on the website at <http://www.delhi.edu/academics/provost/resources.php>.

Requests for new policy or the revision of a current policy should be completed using the attached form. This can also be found at <http://www.delhi.edu/academics/provost/resources.php>.

All Academic policy changes should be submitted to the Provost's Office. From there, they are submitted to the Academic Policies Committee and to the College Senate for approval.

After the senate approves, the Provost will review the new policy and or change recommendations with the President.

After the President approves, the Provost's Office will send a memo to the campus about the changes. It will also be announced in Delhi Today. The manual will also be updated on the website.
