I was involved with a conference call last week from the Chancellor and the Student Assembly regarding Rational Tuition. This tuition plan will help prospective students by showing them the future cost of tuition before they apply. It is my plan to meet with President Vancko soon to discuss how we can support this initiative as a campus and as a student government.

Please bring this information back to your clubs for thought, and we’ll have nomination sheets available at next week’s meeting.

The PowerPoint presentations from last week are now on the senate page; please reference them often! I am making a master list of improvements for the building. If you see an area of concern, please let me know.
