Greetings,

During the Spring 2016 semester (January 25th – May 20th) the Liberal Arts and Sciences Division at S.U.N.Y. Delhi will be offering the Statistics (MATH 115) course online. This course, which will be taught by Dr. Patricia May, would be ideal for senior high school students who are interested in earning college credit. This course may also be accepted for transfer at other colleges in New York State.

Statistics is a 3 credit hour course. The total cost for high school students is $157.55 ($50 per credit hour plus fees) and the cost of a TI-83 or TI-84 graphing calculator, if the student does not own one. The total cost for non-high school students is calculated at the standard tuition rate plus fees (see http://www.delhi.edu/prospective_students/continuing_education/). There is no textbook required for this course, as all of the course material is provided online.

High school students do NOT apply online (you will be charged the full tuition rate). To register for the course, complete and return the attached registration form to Barbara Scherer, Career and Business Development, at 607-746-4545, schereba@delhi.edu or fax (607) 746-4547. The registration deadline is Friday, January 22, 2016. Non high school students should complete the Application for Non-Matriculated Registration found at http://www.delhi.edu/prospective_students/continuing_education/register.php

Students with a disability must register with our Access & Equity Services office at the beginning of the semester. This will begin the process for the coordinator to determine what accommodations can be provided. http://www.delhi.edu/academics/learning_center/disabilities_services/index.php

This is an excellent opportunity for self-motivated, hard-working students to begin their college career a little early. If you have students that are interested in taking this course they may contact either Dr. Patricia May or Dr. Monica Liddle for more information.

Sincerely,

Dr. Monica Liddle
