It has been explained to me and I fully understand that I have six semesters of financial aid to complete my SUNY Delhi BBA program of study degree requirements. In addition, I understand that any additional time needed beyond six semesters to complete my degree requirements will be paid out-of-pocket at my expense.

Students who are work-sponsored or intend to pay their tuition expenses out-of-pocket will still need to complete the advisement worksheet A and B as documentation of their understanding and compliance with the pre-requisite requirements.
