

Curriculum Proposal Tracking Sheet: CC23-01 – CC23-151

VS&PS - School of Veterinary Science & Professional Studies.

NA&S - School of Nursing, Arts and Sciences.

AT&A - School of Applied Technologies & Architecture.

Tracking Number	CC Date	School	Proposal	CC Action	Senate Action	President Action	Notified by Provost
CC23-01	10/03/23	VS&PS	Proposal to update the description and SLOs of CITA 330: Web Publishing. Due to changes in technology, the update is in response to keeping up with the current industry offerings.	Approved	Approved 10/16/2023	10/23/2023	10/23/2023
CC23-02		VS&PS	Proposal to create a new course, CITA236: Introduction to Networking and Security Concepts. We have been teaching CITA 235 for the mechatronics students for several years. This class will replace that as they need more of a networking foundation and this class has been designed specifically for their purpose.	Approved	Approved 10/16/2023	10/23/2023	10/23/2023
CC23-03		VS&PS	Proposal to create a new course, CITA336: Networking and Security Concepts. We have been teaching CITA 235 for the mechatronics students for several years. This class will replace that as they need more of a networking foundation and this class has been designed specifically for their purpose. This course is the second in the sequence to Introduction to Networking and Security Concepts.	Approved	Approved 10/16/2023	10/23/2023	10/23/2023

CC23-04	11/07/23	NA&S	Proposal to make the new course, VETS 232: Farm Animal Nursing and Disease. This course is designed to replace VETS 132, VETS 230 and VETS 235 in the online program (5 credits total). It will condense the didactic information presented in the aforementioned courses and give an introduction to the skills they will perform during their Large Animal preceptorship.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-05		V&PS	Proposal to make the new course, VETS 320: Wildlife Rehabilitation. Wildlife medicine is a growing discipline within veterinary medicine and technology. Because veterinary medicine education is so heavily focused on animals meant for companionship and industry, there is an unintentional lack of knowledge when it comes to the treatment of wild animals. Many students who attend SUNY Delhi for veterinary technology have communicated a love and interest in wildlife rehabilitation.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-06		V&PS	Proposal to make the new course, VETS 396: Advanced Equine Techniques. This course is designed to replace the VETS 196 Advanced Equine Techniques as the scope of the course has expanded beyond what would be considered standard for a 100-level elective. It requires more time and the application of more advanced knowledge and skills than a 1 credit 100 level course. It will also serve as one of the upper-level elective options for our BS program (though 2nd year students in the AAS program will still be able to take the course as well).	Approved	Approved 11/27/2023	12/11/2023	12/12/2023

CC23-07		NA&S	Proposal to add 23AR to ARTS 200. When this course was proposed and designed, it was intended to have a designation of SUNY GE 8-The Arts and I believed it was sent to SUNY with this designation back in 2020. Through transitions in people and processes, this attribute designation was not completed. The SUNY GE SLOs for the arts have not changed since the course was proposed. This proposal is to fix this historical oversight and gain the GE designation that was initially intended.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-08		NA&S	Proposal to add 23SS to ANTH 110. This course is (and has been) designated as a Social Science GE course. It should be included on the list of courses that meet the 23SS general education category.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-09		NA&S	Proposal to change the pre-req to ECON 300. Currently, Economics 300 requires Economics 110 (Micro) as a prerequisite. The critical part that a student should have obtained before taking this course is a basic understanding of economic theory and how economists look at the world. Specific theories related to Keynesian Economics, taxes, Consumer Choice and Demand are reviewed enough already that if a student did not take Micro or Macro, they will still be able to successfully complete Economics 300. Therefore, I am moving to expand what we will take as a prerequisite any economics class we currently offer. This passed LA&S in 2022, but was never sent forward to CC.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023

CC23-10		NA&S	<p>Proposal to change the SLOs of NURS 605. The final course in both the MS in Nursing Education (NURS 605) and in Nursing Administration (NURS 611) programs is the Graduate Practicum II. These courses were created with a single Design course, to enable them to be run together as one course entity when there was insufficient enrollment to run separate courses. Course edits were made for the administration or education courses after upload, depending on the enrollment. As such the SLOs were written to include both programs. These courses are now separate entities and have distinct design courses. Therefore, there are several changes in the SLOs to make each course specific for the discipline in which it is being offered.</p>	Approved	Approved 11/27/2023	12/11/2023	12/11/2023
---------	--	------	---	----------	------------------------	------------	------------

CC23-11		NA&S	Proposal to change the SLOs of NURS 611. The final course in both the MS in Nursing Education (NURS 605) and in Nursing Administration (NURS 611) programs is the Graduate Practicum II. These courses were created with a single Design course, to enable them to be run together as one course entity when there was insufficient enrollment to run separate courses. Course edits were made for the administration or education courses after upload, depending on the enrollment. As such the SLOs were written to include both programs. These courses are now separate entities and have distinct design courses. Therefore, there are several changes in the SLOs to make each course specific for the discipline in which it is being offered.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-12		NA&S	Proposal to create the new course CJUS 398: Child Abuse and Neglect. This would be the same course as HONR 398 to be cross listed for non-honors students.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-13		NA&S	Proposal to create the new course SOCI 398: Child Abuse and Neglect. This would be the same course as HONR 398 to be cross listed for non-honors students.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-14		NA&S	Proposal to cross list HONR 398 with the above courses.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-15		NA&S	Proposal to create the new course CJUS 396: Elder Abuse and Neglect. This would be the same course as HONR 396 to be cross listed for non-honors students.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023

CC23-16		NA&S	Proposal to create the new course SOCI 396: Elder Abuse and Neglect. This would be the same course as HONR 396 to be cross listed for non-honors students.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-17		NA&S	Proposal to cross list HONR 396 with the above courses.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-18		NA&S	Proposal to create the new course CJUS 385: Global Capital Punishment. This would be the same course as HONR 385 to be cross listed for non-honors students.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-19		NA&S	Proposal to cross list HONR 385 with the above courses.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-20		NA&S	Proposal to make a change to the restrictions to multiple CJUS courses. This is a proposal for a bulk change to the major restrictions for CJ courses, in order to allow students enrolled in on campus bachelor CJUS program to enroll in necessary classes.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-21		AT&A	Proposal to change the order of courses in the Biology degree. Many students entering in this program are not prepared for pre-calc their first semester. For this reason, we are moving an unrestricted elective into semester 1 and pre calc to semester 2 so that student can take math for placement to be able to continue.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-22		AT&A	Proposal to change the SLOs of ARCH 110. Being a technical course, these SLO's have gotten out of date. This request updates them.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023

CC23-23		AT&A	<p>Proposal to change the restrictions on ARCH 151. This course has a major restriction that does not include the new B. ARCH program. The approved curriculum outline requires B. ARCH students to take this course. As such the prerequisite needs to change.</p> <p>The solution is to just remove the major restrictions. There is no concern that any student other than the major this course is made for will take this course.</p>	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-24		AT&A	<p>Proposal to change the SLOs of ARCH 220. Being a technical course, these SLO's have gotten out of date. This request updates them.</p>	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-25		AT&A	<p>Proposal to change the pre-reqs of ARCH 330. Due to reequipments university wide, minimum degree requirements have been lowered. As a result, students are entering the BT program that are not sufficiently ready. This course is updating its prerequisite to require a minimum course grade to ensure students are fully prepared.</p>	Approved	Approved 11/27/2023	12/11/2023	12/12/2023

CC23-26		AT&A	Proposal to change the pre-reqs and restrictions to ARCH 360. This course has a major restriction that does not include the new B. ARCH program. The approved curriculum outline requires B. ARCH students to take this course. As such the prerequisite needs to change. The solution is to just remove the major restrictions. There is no concern that any student other than the major this course is made for will take this course. Additionally, it is believed that when the Registrar's office put in the pre-requests, there was a miss interpretation of the request. This form fixes this issue. Also, this change brings the prerequisites in alignment with AECT 360 the co-listed course.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-27		AT&A	Proposal to make ARCH400 repeatable. This course is not repeatable, but there may be times where repeating an internship is desired. For example, having an internship span 2 semesters. As we look to expand internships this would be important.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-28		AT&A	Proposal to fix the Carnegie units and hours of ARCH 460. This is due to an error on a previous form,	Approved	Approved 11/27/2023	12/11/2023	12/12/2023

CC23-29		AT&A	Proposal to change the requirements of ARCH 480. This course has a major restriction that does not include the new B. ARCH program. The approved curriculum outline requires B. ARCH students' to take this course. As such the prerequisite needs to change. The solution is to just remove the major restrictions. There is no concern that any student other than the major this course is made for will take this course.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-30		AT&A	Proposal to change the pre-reqs to ARCH 481. This proposal will clean up the language to be more consistent throughout the degree.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-31		AT&A	Proposal to change the pre-reqs to ARCH 490. This proposal will clean up the language to be more consistent throughout the degree.	Approved	Approved 11/27/2023	12/11/2023	12/12/2023
CC23-32	12/05/23	NA&S	Proposal to make a new course, PSYC 260: Introduction to Counseling. Nursing wants to have this course to be their diversity course, but they don't have space in schedule for both PSYC 260 and an oral communication course. It would be both the 23DV and 23OC in their AAS degree.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023

CC23-33		NA&S	<p>Proposal to change the credit hour requirement of the CJ on campus BA. The standard number of credits for a CJ bachelor's degree is 120 credits, and this is the case across most comparable SUNY schools (including SUNY Oneonta and SUNY Cortland). As of now, our students are required to complete between 123 and 125 credits for their bachelor's degree (the range is due to UNIV 100 OR UNIV 101, which are 1 or 3 credits respectively) and this will bring it down into alignment with other schools.</p>	Approved	Approved 12/11/2023	12/18/2023	12/18/2023
CC23-34		NA&S	<p>Proposal to make changes to the CJ Masters. When the CC22-131 Program Change Form was presented, one of the Administrative of Justice Electives offered in semester three for existing course plan for full-time students should have been a regular elective. When the CC22-131 Program Change Form was presented, one of the Administrative of Justice Elective offered in semester five for existing course plan for part-time students should have been a regular elective. The proposal is to make the changes from an Administrative of Justice elective to a regular elective, as the program requires 3 administrative of justice electives and 4 electives.</p>	Approved	Approved 12/11/2023	12/18/2023	12/18/2023

CC23-35		NA&S	Proposal to make GOVT110 a 23DV course, changing the SLOs and description. Diversity: Equity, Inclusion & Social Justice is at the heart of the study of American politics. As our students grapple with the institutionalism, behavioralism, and reconciling the promises of the American Founding documents and our Constitutions with the shortcomings of reality.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023
CC23-36		NA&S	Proposal to make ECON 300 a 23SS course and update the SLOs. Several degree programs require an extra social science general education course. Adding the social science GE to ECON300 may increase students taking ECON300 and help us enroll and make the classes run.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023
CC23-37		NA&S	Proposal to make a new course: GOVT 1XX: Political Theory and Ideas. This course will provide our criminal justice students with a better underpinning in the classics of American political thought that informs our justice programs in the United States. This also provides a very directed philosophy course that allows our students to better understand the republic and our democratic ideals.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023
CC23-38		NA&S	Proposal to make a new course: HIST 1XX: Historical Site Experience. This is a 1 credit class where the students would explore the history of the event, and then explore the site with a professor.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023

CC23-39		NA&S	Proposal to add distance learning schedule type to ENGL 100. New and existing degree programs occasionally require that we offer ENGL 100 online.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023
CC23-40		V&PS	Proposal to make changes to the Applied Com degree. This will collapse two tracks into one and increase elective options to allow greater flexibility for transfers and curriculum planning. Making the degree more flexible will contribute to greater enrollment and retention: students will be guaranteed the classes they need will be regularly offered; transfer students will find themselves able to use more of their transcript; classes that have posed particular difficulties for students have been reassessed, re: their necessity as reqs rather than electives.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023
CC23-41		VS&PS	Proposal to change the pre-reqs of HLTH 450. The original proposal had the wrong pre-requisites including a course which does not exist.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023
CC23-42		VS&PS	Proposal to add the online delivery mode to BUSI 120 Business Communications. To add online delivery to BUSI 120 Business Communications for the online veterinary and other online programs. This fills the need and would be offered only for the online programs.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023
CC23-43		VS&PS	Proposal to change the SLOs of BUSI 220. The course description was updated several years ago but the learning outcomes were not updated at the time.	Approved	Approved 12/11/2023	12/18/2023	12/18/2023

CC23-44	02/06/24	NA&S	Proposal to update the GEs for the Nursing AAS	Approved	Approved 02/26/2024	03/26/2024	03/26/2024
CC23-45		NA&S	Proposal to make a new course, HONR 320: Medical Anthropology. This course will be a honors level cross listing to ANTH 320. <i>Changed to HONR 321.</i>	Approved	Approved 02/26/2024	03/26/2024	03/26/2024
CC23-46		NA&S	Proposal to make changes to ANTH 320 to cross list it with the newly formed HONR 320, see above.	Approved	Approved 02/26/2024	03/26/2024	03/26/2024
CC23-47		NA&S	Proposal to update the name and course description of SCIE 125. This course description is out of date, as astronomy is not covered in this course and has not been for many years. Also starts with the course title. As for the course title, no one calls it that so why keep it all? It's too long to fit and removing "exploring" gets it under the 30-character limit.	Approved	Approved 02/26/2024	03/26/2024	03/26/2024
CC23-48		NA&S	Proposal to update the course description of PHYS150. It was weirdly written and did not cover what is covered in this course.	Approved	Approved 02/26/2024	03/26/2024	03/26/2024
CC23-49		NA&S	Proposal to update the course description of PHYS155. It was weirdly written and did not cover what is covered in this course.	Approved	Approved 02/26/2024	03/26/2024	03/26/2024
CC23-50		NA&S	Proposal to change the PLOs for the General Studies AA to better align with the new GE framework and the other programs in the school. It also clarifies the PLOs in Acalog-- which seem to reflect an old or incorrect version of the PLOs	Approved	Approved 02/26/2024	03/26/2024	03/26/2024

CC23-51		NA&S	Proposal to change the PLOs for the General Studies AS to better align with the new GE framework and the other programs in the school.	Approved	Approved 02/26/2024	03/26/2024	03/26/2024
CC23-52		NA&S	Proposal to change the PLOs for the Humanities and Science AA to better align with the new GE framework and the other programs in the school. This will also make course changes to make assessment easier and to ensure that students take all GEs in order to earn a comprehensive degree which will easily transfer outside	Approved	Approved 02/26/2024	03/26/2024	03/26/2024
CC23-53	03/05/24	VS&PS	Proposal to combine Hotel Front Office Management and Guest Relations (HOSP 160) & Lodging Accommodations Management (HTEL 165) into one three-credit course. Merging these courses into one robust accommodations management course supports students enrolled in the proposed Hospitality Management Degree.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-54		VS&PS	Proposal to introduce a comprehensive Hospitality Management degree program, which will encompass the current Event Management and Hotel/Restaurant Management program. The changes streamline our program offerings and address fluctuating enrollment in both the Event Management and the Hotel/Restaurant Management degrees.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-55		NA&S	Proposal to change the SLOs of CHEM 230. Student Learning Outcomes (SLOs) need to reflect the material/objectives covered in the course. Current SLOs are for the Science	Approved	Approved 3/25/2024	04/08/2024	04/08/2024

			General Education (GE), which is not applicable for this course since the course is not a GE course.				
CC23-56		NA&S	Proposal to change the SLOs of CHEM 235. Student Learning Outcomes (SLOs) need to reflect the material/objectives covered in the course. Current SLOs are for the Science General Education (GE), which is not applicable for this course since the course is not a GE course.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-57		NA&S	Proposal to change the course description of HIST 100. With the revision of SUNY's General Education plan, we request a revision the catalog course description to remove the final sentence which is outdated, incorrect and unnecessary.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-58		NA&S	Proposal to change the course description of HIST 105. With the revision of SUNY's General Education plan, we request a revision the catalog course description to remove the final sentence which is outdated, incorrect and unnecessary.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-59		NA&S	Proposal to modify the name, description, and number of Technical Writing to Technical Communication and to align the SLOs with the 23OC & 23WC SLOs in order to seek AOWC, AOIL, and AOC designations. This will provide a course for the AOS degrees that infuses both WC and OC in one course. Since this will not categorize the course as a GE course, the course will not provide GE for most degrees--thus maintaining the current equilibrium with ENGL 100 and COMM 100. This will also put back into active rotation an	Approved	Approved 3/25/2024	04/08/2024	04/08/2024

			extra course for majors seeking more writing experience for their students (in addition to the OC/WC minimums).				
CC23-60		AT&A	Proposal to change the SLOs of WELD 130 to make it a AONS course to embed that GE	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-61		AT&A	Proposal to change the SLOs of WELD 170 to make it a AORE course to embed that GE	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-62		AT&A	GE Update to the Welding Technology: Pipefitting AOS	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-63		AT&A	GE Update to the Mechatronics AOS	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-64		AT&A	GE Update to the Electrical Construction & Instrumentation AOS	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-65		AT&A	GE Update to the Electrical Construction & Plumbing AOS	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-66		AT&A	GE Update to the Refrigeration and Instrumentation AOS	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-67		AT&A	GE Update to the Plumbing & Electrical Instrumentation AOS	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-68		AT&A	GE Update to the Renewable Energy Integration AOS	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-69		AT&A	GE Update to the Electrical Construction & Utilities AOS	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-70		AT&A	Proposal to change the Carnegie units for AUTO 131. This would allow us to meet the new GE requirements without going over the 64-credit maximum.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-71		AT&A	Proposal to change the Carnegie units for AUTO 148. This would allow us to meet the new GE requirements without going over the 64-credit maximum.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-72		AT&A	Proposal to change the Carnegie units for AUTO 162. This would allow us to meet the	Approved	Approved 3/25/2024	04/08/2024	04/08/2024

			new GE requirements without going over the 64-credit maximum.				
CC23-73		AT&A	Proposal to change the Carnegie units for AUTO 231. This would allow us to meet the new GE requirements without going over the 64-credit maximum.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-74		AT&A	Proposal to change the Carnegie units for AUTO 248. This would allow us to meet the new GE requirements without going over the 64-credit maximum.	Approved	Approved 3/25/2024	04/08/2024	04/08/2024
CC23-75	04/02/24	AT&A	Proposal to embed AONS and AORE to Carp 180. Adding these SLOs will meet the new AOS GE requirements. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-76		AT&A	Proposal to update the GEs for the Welding Technology AOS degree. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-77		AT&A	Proposal to embed AONS in AUTO125. Adding these SLOs will meet the new AOS GE requirements. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-78		AT&A	Proposal to embed AORE to AUTO 228. Adding these SLOs will meet the new AOS GE requirements. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-79		AT&A	Proposal to update the GEs for Automotive Mechanics while also making changes to the credits. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-80		NA&S	Proposal to create a new course, ARTS117, Design and Create. his course is meant to be an introduction to design thinking and practice, intentionally designed without a specific focus to ensure broad applicability. Unlike other courses which are geared toward architecture students, the aim is to extend these valuable skills and concepts across the campus. This course will add more options for students seeking GE credit. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024

CC23-81		NA&S	Proposal to change the restrictions to BIOL100. Fundamentals Biology is designed for students who are non-science majors. Currently the course has a restriction that students in the now former school of Nursing and Health cannot take this course. This restriction should be updated to be specific Nursing programs, and also include students in Veterinary Science Technology programs. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-82		NA&S	Proposal to embed AOMA in MATH 102. Adding these SLOs will meet the new AOS GE requirements. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-83		NA&S	Proposal to create a minor in Sustainability. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-84		NA&S	Proposal to change the pre-reqs and add the 23DV designation for COMM 201. The college needs more DV courses--and COMM 201 already fills the bill. In order to make this accessible for students outside of the Applied Comm program, we're changing the pre-req from COMM 101 to ENGL 100. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-85		NA&S	Proposal to create a new course, COMM210: Topics in Communication. More LASC electives are needed for increased enrollment in the school as a whole and in the new format of the Applied Communication degree. This will allow the program to trial different elective topics and gauge student interest as well. These courses will also be useful for forthcoming minor(s). approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-86		NA&S	Proposal to change the pre-reqs from COMM 101 to ENGL 100 for four courses in the Applied Comm program. These courses offer	Approved	Approved 4/22/2024	04/29/2024	04/29/2024

			upper-level electives and a range of useful topics to students outside of Applied Communication (and can be approached with a variety of previous experience), so we are switching the pre-req to a more widely-accessible one. approved				
CC23-87		NA&S	Proposal To change the PLOs to better reflect the removal of tracks (changed in FA23) and to make the elective pool more flexible for the Applied Communications degree. Changing the PLOs will help us update and streamline our assessment process; widening the elective pool allows for the creation of new courses and greater flexibility in course offerings/staffing. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-88		NA&S	Proposal to change the pre-reqs and course description of ALHT202. As there are now non-nursing students taking the course that do not have UNIV as a core program requirement, it makes sense to delete the pre-requisite. This is a course that now has GEN ED designation and is exchangeable with MATH 115, so being unilaterally the same is important. We also no longer have SPSS. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-89		NA&S	Proposal to add the LASC attribute to ALHT 300 as well as remove prereqs. Adding the attribute of LA&S to this course will verify it can be an upper division LA&S course as part of the offerings for online 7-week electives. It can be selected by students in the RN-BSN or in other programs as an upper-division elective. There is no need for the UNIV course to be taken prior to this class, as it is no longer part of the RN-BSN program. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024

CC23-90		NA&S	Proposal to add the LASC attribute to ALHT 301 as well as remove prereqs. Adding the attribute of LA&S to this course will verify it can be an upper division LA&S course as part of the offerings for online 7-week electives. It can be selected by students in the RN-BSN or in other programs as an upper-division elective. There is no need for the UNIV course to be taken prior to this class, as it is no longer part of the RN-BSN program. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-91		NA&S	Proposal to add the LASC attribute to ALHT 304 as well as remove some of the prereqs. Adding the attribute of LA&S to this course will verify it is can be counted as part of the LA&S requirement for the RN-BSN program and enable students in other programs to enroll in it. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-92		NA&S	Proposal to add the LASC attribute to ALHT 400 as well as change some of the prereqs. Adding the attribute of LA&S to this course will verify it is can be counted as part of the LA&S requirement for the RN-BSN program and enable students in other programs to enroll in it. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-93		NA&S	Proposal to add the LASC attribute to ALHT 401 as well as change some of the prereqs. Adding the attribute of LA&S to this course will verify it is can be counted as part of the LA&S requirement for the RN-BSN program and enable students in other programs to enroll in it. approved	Approved	Approved 4/22/2024	04/29/2024	04/29/2024
CC23-94		NA&S	Proposal to add the LASC attribute to ALHT 402. Adding the attribute of LA&S to this course will verify it is can be counted as part of	Approved	Approved 4/22/2024	04/29/2024	04/29/2024

			the LA&S requirement for the RN-BSN program and enable students in other programs to enroll in it. approved				
CC23-95	5/7/2024	AT&A	Proposal to add AONS and AORE course attributes to RFAC 110. The proposed change will satisfy the new SUNY guidelines for natural science and scientific reasoning which will be embedded into this course. approved	Approved	Approved 5/20/2024		
CC23-96		AT&A	Proposal to update the GE requirements for the Electrical Construction & Refrigeration AOS degree approved	Approved	Approved 5/20/2024		
CC23-97		AT&A	Proposal to update the GE requirements for the Plumbing & Refrigeration AOS degree approved	Approved	Approved 5/20/2024		
CC23-98		AT&A	Proposal to change the Carnegie units of ARCH 210 from 4:1,6 to 4:0,8. This is a second-year design studio. A couple of years ago, first-year design studios similarly convert a lecture hour to additional lab hours. This was done to allow for more time on task for student and for additional one on one time with the faculty member. Being that this was successful and that the upper division studios area also studio only courses, this change would bring this course in alignment with the rest of the program. approved	Approved	Approved 5/20/2024		
CC23-99		AT&A	Proposal to change the Carnegie units of ARCH 240 from 4:1,6 to 4:0,8. This is a second-year design studio. A couple of years ago, first-year design studios similarly convert a lecture hour to additional lab hours. This was done to allow for more time on task for student and for additional one on one time with the faculty	Approved	Approved 5/20/2024		

			member. Being that this was successful and that the upper division studios area also studio only courses, this change would bring this course in alignment with the rest of the program. approved				
CC23-100		AT&A	Proposal to create a minor in Architecture. An Architecture minor complements various majors such as Construction Management, and Sustainability, providing students with a holistic understanding of the built environment and can provide these students with critical thinking skills and a design mentality that can help in any profession. approved	Approved	Approved 5/20/2024		
CC23-101		AT&A	Proposal to make program changes to the BArch by changing the courses included in Optional Studies. Optional Studies is the terminology the accrediting body uses for restricted electives. The department would like to add courses to the list to cover the coursework that may be required for minors that are currently being developed. The sustainability minor and construction management minor are the focus of these additional optional studies. Do to some changes in other curriculum we will also be removing a course or two out of the list. approved	Approved	Approved 5/20/2024		
CC23-102		NA&S	Proposal to remove the pre-req of SUST 485 and instead put a senior status restriction. Added flexibility will make it easier for students from other majors to complete the Minor, and for Sustainability majors who will	Approved	Approved 5/20/2024		

			graduate in the Fall to take the Capstone before the Internship. approved				
CC23-103		NA&S	Proposal to change the schedule type of SUST 310 to include Distanced Learning. The Sustainability Program and its courses were originally approved for lecture and online, but this course was added later and we errantly missed including the online option. approved	Approved	Approved 5/20/2024		
CC23-104		NA&S	Proposal to change the schedule type of CHEM 120 to include Distanced Learning. These courses when created were on-ground only delivery. Over time, the need to have an online option of offering these courses is necessary for our programs across campus approved	Approved	Approved 5/20/2024		
CC23-105		NA&S	Proposal to change the schedule type of BIOL 220 to include Distanced Learning. These courses when created were on-ground only delivery. Over time, the need to have an online option of offering these courses is necessary for our programs across campus approved	Approved	Approved 5/20/2024		
CC23-106		NA&S	Proposal to change the schedule type of BIOL 225 to include Distanced Learning. These courses when created were on-ground only delivery. Over time, the need to have an online option of offering these courses is necessary for our programs across campus approved	Approved	Approved 5/20/2024		
CC23-107		NA&S	Proposal to change the schedule type of BIOL 230 to include Distanced Learning. These courses when created were on-ground only delivery. Over time, the need to have an online option of offering these courses is	Approved	Approved 5/20/2024		

			necessary for our programs across campus approved				
CC23-108		NA&S	Proposal to create an Applied Communications minor. This minor will provide students with skills such as interpersonal, organizational, and intercultural communication; innovative problem solving, adaptive leadership, consumer relationship management, and efficient use of resources; and the basics such as writing, research methods, ethics, attention to detail, and critical thinking. This minor is designed to give students a competitive edge in the job market. approved	Approved	Approved 5/20/2024		
CC23-109		NA&S	Proposal to remove the pre-reqs from NURS 300. The orientation course is changing to a self-paced course that can be completed at the same time as the first course(s) in the program, thus students can begin immediately. Most students are digital learners who are comfortable with online learning and this has been requested repeatedly. This change will make our program more competitive with current nursing programs. approved	Approved	Approved 6/10/2024 (Returned to CC to review at May Senate Meeting.)		
CC23-110		NA&S	Proposal to change the pre- and co-reqs for NURS 101. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-111		NA&S	Proposal to change the pre- and co-reqs for NURS 110. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		

CC23-112		NA&S	Proposal to change the pre- and co-reqs for NURS 115. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-113		NA&S	Proposal to change the pre- and co-reqs for NURS 200. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-114		NA&S	Proposal to change the pre- and co-reqs for NURS 210. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-115		NA&S	Proposal to change the pre- and co-reqs for NURS 120. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-116		NA&S	Proposal to change the pre- and co-reqs for NURS 125. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-117		NA&S	Proposal to change the pre- and co-reqs for NURS 230. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-118		NA&S	Proposal to change the pre- and co-reqs for NURS 240. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-119		NA&S	Proposal to change the pre- and co-reqs for NURS 220. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-120		NA&S	Proposal to change the pre- and co-reqs for NURS 255. This will streamline co/pre-	Approved	Approved 5/20/2024		

			requisites to simplify registrations processes and align catalog with Banner. approved				
CC23-121		NA&S	Proposal to change the pre- and co-reqs for NURS 265. This will streamline co/pre-requisites to simplify registrations processes and align catalog with Banner. approved	Approved	Approved 5/20/2024		
CC23-109		NA&S	Proposal to remove the pre-reqs from NURS 300. The orientation course is changing to a self-paced course that can be completed at the same time as the first course(s) in the program, thus students can begin immediately. Most students are digital learners who are comfortable with online learning and this has been requested repeatedly. This change will make our program more competitive with current nursing programs. approved				
CC23-122	6/3/2024	AT&A	Proposal to add AOOC, AOWC and AOIL course attributes to CARP 190. The proposed change will satisfy the new SUNY guidelines for communication which will be embedded into this course. approved	Approved	Approved 6/10/2024		
CC23-123		AT&A	Proposal to update the GE requirements for the Residential Construction AOS degree while making other small changes. TECH 115 will be removed and ARCH 150 will be replaced by CARP 125. After discussion TECH115 will not be removed. approved	Approved	Approved 6/10/2024		
CC23-124		VS&PS	Proposal To discontinue the following programs: Business Management (Schenectady campus, 43012); Hospitality Mgmt. & Hotel & Restaurant Mgmt.	Approved	Approved 6/10/2024		

			(Schenectady campus, 28573); Info Technology Mgmt. (Schenectady campus, 31734). These programs were previously delivered through the Schenectady campus and no longer have students enrolled once the pandemic forced a shift to online modalities. approved				
CC23-125		NA&S	Proposal To discontinue Criminal Justice (34519) (Schenectady campus). This program was previously delivered through the Schenectady campus and no longer have students enrolled once the pandemic forced a shift to online modalities. approved	Approved	Approved 6/10/2024		
CC23-126		VS&PS	Proposal to make a new course HOSP 234 Professional Experience I. T This course serves as a prep course for the student's professional work experience. The department ran this course as a pilot for Spring 2024 and found success in offering it. The department was able to work with the students in securing their professional work experience for the summer session, whereas before the student would have to figure out the logistics with no mentorship. approved	Approved	Approved 6/10/2024		
CC23-127		VS&PS	Proposal to make a new course VETS 121: Introduction to Veterinary Science and Animal Care. This course will combine two current courses in the AAS Veterinary Technology Program - VETS 120 Introduction to Veterinary Science and VETS 104 Animal Care 1. The content in both courses complement each other and combining into one class will better streamline course work for online students approved	Approved	Approved 6/10/2024		

CC23-128		VS&PS	Proposal to make a new course VETS 251: Veterinary Business Practices. This course covers the laws, regulations, record keeping and common business practices specific to veterinary medicine. It also covers material that falls under Communication and Veterinary Professional Support Services Domain of their Veterinary Technology Licensing Exam. approved	Approved	Approved 6/10/2024		
CC23-129		VS&PS	Proposal to make a new course VETS 289: VTNE Prep Course. This course is a review of the materials students will need to know to pass their National Veterinary Technology Licensing Exam. It also provides study strategies, test-taking skills, and assistance with the exam registration process. approved	Approved	Approved 6/10/2024		
CC23-130		VS&PS	Proposal to change the name, Carnegie units, and schedule type for BIOL 218. In order for students to fully understand and apply the concepts of Animal Anatomy and Physiology, we believe dividing the course into two courses will allow students to get a more in-depth anatomical and physiological understanding of individual body systems. These changes are being proposed in conjunction with changes to Clinical Physiology course to align with the program and curriculum requirements. Physiology of body systems covered in Animal Anatomy and Physiology I will be covered more in-depth to include the previous Clinical Physiology material. approved	Approved	Approved 6/10/2024		
CC23-131		VS&PS	Proposal to make a new course VETS 219: Animal Anatomy and Physiology II. In order for	Approved	Approved 6/10/2024		

			students to fully understand and apply the concepts of Animal Anatomy and Physiology, we believe covering this material in two courses instead of one will allow students to get a more a in-depth anatomical and physiological understanding of individual body systems. These changes are being proposed in conjunction with changes to Animal Anatomy and Physiology course to align with the program and curriculum requirements. approved				
CC23-132		VS&PS	Proposal to make changes to the Veterinary Tech degree. By redistributing the 6 credits that are currently between BIOL 218 (4) and VETS 180 (2, lecture only) to two 3 credit lab and lecture courses, the material will be more evenly distributed across the two courses and allow for more lab time with the goal of improving student learning and retention of animal anatomy. approved	Approved	Approved 6/10/2024		
CC23-133		NA&S	Proposal to make changes to the Dual Degree Nursing Program. This is to align the GE closer to SUNY requirements. approved	Approved	Approved 6/10/2024		
CC23-134		NA&S	Proposal to make a psychology minor. A psychology minor helps lay the foundation for future career success after graduation in diverse fields, such as criminal justice, communication, nursing, hospitality & management, law, counseling, student affairs, and social work. approved	Approved	Approved 6/10/2024		
CC23-135		NA&S	Proposal to make a criminal justice minor. Criminal justice is a multi-disciplinary academic field, and an area/career sector that has been growing in demand in recent years. It	Approved	Approved 6/10/2024		

			is our hope that students in programs outside of criminal justice can gain an understanding of the field and put this knowledge to work in their future careers. approved				
CC23-136		NA&S	Proposal to make a new course SOCI 103: Cultural Diversity. This course is being created to help expand offerings of DVRS GE credits to the students in our LAS programs and Nursing programs (as well as anyone else interested in taking it). Cultural Diversity is a class that directly speaks to the elements of DEI that are being built into our campus culture and academic offerings. approved	Approved	Approved 6/10/2024		
CC23-137		NA&S	Proposal to make a new course GOVT 175: Government Simulation and Mock Trial. This course comes out of a civic engagement component for the EOP Summer Program. The State University of New York requires that the summer program includes a civic engagement module and highly recommends a simulation for the experience. This one credit course will account for the academic prep for the simulation, the simulation, and the debrief. approved	Approved	Approved 6/10/2024		
CC23-138		NA&S	Proposal to make a Political Science minor. A solid grounding in the nature of politics and power will help any student to be successful. A minor in political science critical to helping students who are interested in public policy or law or sustainability to go on to future degrees. approved	Approved	Approved 6/10/2024		
CC23-139		NA&S	Proposal to change the title, description, and pre-requisite of HUMN 241. Update the language to be more inclusive in the title and	Approved	Approved 6/10/2024		

			description. Edit the description to better reflect the present scope of coverage. Change the pre-requisite to accepting concurrent enrollment to allow more flexibility for student scheduling when available seats in the required 100-level class have been a limitation recently. Additionally, some students take ENGL 200 without taking ENGL 100, and presently need overrides to register for the course. approved				
CC23-140		NA&S	Proposal to change the title, description, and pre-requisite of HUMN 242. Update the language to be more inclusive in the title and description. Edit the description to better reflect the present scope of coverage. Change the pre-requisite to accepting concurrent enrollment to allow more flexibility for student scheduling when available seats in the required 100-level class have been a limitation recently. Additionally, some students take ENGL 200 without taking ENGL 100, and presently need overrides to register for the course. approved	Approved	Approved 6/10/2024		
CC23-141		NA&S	Proposal to change the pre-reqs for HIST 200& HIST 300. Currently, there are a total of thirteen history courses in the college catalog at the 200 and 300 level (not including two independent studies), and there are nine variations of prerequisites for those thirteen courses. We believe that establishing uniform prerequisites for those 200 and 300 level history courses will provide necessary clarity and consistency for students and advisors. approved	Approved	Approved 6/10/2024		

CC23-142		NA&S	<p>Proposal to change the pre-reqs for HIST 205 & HIST 305. Currently, there are a total of thirteen history courses in the college catalog at the 200 and 300 level (not including two independent studies), and there are nine variations of prerequisites for those thirteen courses. We believe that establishing uniform prerequisites for those 200 and 300 level history courses will provide necessary clarity and consistency for students and advisors. approved</p>	Approved	Approved 6/10/2024		
CC23-143		NA&S	<p>Proposal to change the pre-reqs for HIST 210 & HIST 230. Currently, there are a total of thirteen history courses in the college catalog at the 200 and 300 level (not including two independent studies), and there are nine variations of prerequisites for those thirteen courses. We believe that establishing uniform prerequisites for those 200 and 300 level history courses will provide necessary clarity and consistency for students and advisors. approved</p>	Approved	Approved 6/10/2024		
CC23-144		NA&S	<p>Proposal to change the pre-reqs for HIST 310 & HIST 330. Currently, there are a total of thirteen history courses in the college catalog at the 200 and 300 level (not including two independent studies), and there are nine variations of prerequisites for those thirteen courses. We believe that establishing uniform prerequisites for those 200 and 300 level history courses will provide necessary clarity and consistency for students and advisors. approved</p>	Approved	Approved 6/10/2024		

CC23-145		NA&S	Proposal to change the pre-reqs for HIST 315 & HIST 335. Currently, there are a total of thirteen history courses in the college catalog at the 200 and 300 level (not including two independent studies), and there are nine variations of prerequisites for those thirteen courses. We believe that establishing uniform prerequisites for those 200 and 300 level history courses will provide necessary clarity and consistency for students and advisors. approved	Approved	Approved 6/10/2024		
CC23-146		NA&S	Proposal to change the pre-reqs for HIST 320. Currently, there are a total of thirteen history courses in the college catalog at the 200 and 300 level (not including two independent studies), and there are nine variations of prerequisites for those thirteen courses. We believe that establishing uniform prerequisites for those 200 and 300 level history courses will provide necessary clarity and consistency for students and advisors. approved	Approved	Approved 6/10/2024		
CC23-147		NA&S	Proposal to change the pre-reqs for HIST 325. Currently, there are a total of thirteen history courses in the college catalog at the 200 and 300 level (not including two independent studies), and there are nine variations of prerequisites for those thirteen courses. We believe that establishing uniform prerequisites for those 200 and 300 level history courses will provide necessary clarity and consistency for students and advisors. approved	Approved	Approved 6/10/2024		
CC23-148		NA&S	Proposal to change the pre-reqs for HIST 296. In reviewing the HIST curriculum, we noticed that this course did not contain any	Approved	Approved 6/10/2024		

			prerequisites. We felt that any student wishing to take an advanced study in history should have a minimum background in history. Therefore, we would like to require the successful completion of at least one HIST course as a prerequisite approved				
CC23-149		NA&S	Proposal to change the pre-reqs for HIST 496. In reviewing the HIST curriculum, we noticed that this course did not contain any prerequisites. We felt that any student wishing to take an advanced study in history should have a minimum background in history. Therefore, we would like to require the successful completion of at least one HIST course as a prerequisite. approved	Approved	Approved 6/10/2024		
CC23-150		NA&S	Proposal to change the schedule type for multiple Humanities & SS courses. Trying to futureproof scheduling by adding this designation so we're not forced to rush and change a course if we need to offer it online. These courses represent those most commonly offered by the school and not already designated for online modality. approved	Approved	Approved 6/10/2024		
CC23-151		NA&S	Proposal to create an English minor. English (not just ENGL designation--but the larger discipline) is a fairly standard minor at colleges; this provides students who are interested in the Humanities with a chance to pursue some of their writing/literature interests at a college that does not have many traditional degrees in this area. This will also increase enrollment in courses that are	Approved	Approved 6/10/2024		

			required by certain majors but don't always fill to capacity. approved				
--	--	--	--	--	--	--	--
